**Greens Bayou Corridor Coalition to Provide News and Updates at Annual Meeting**

A new park. A master plan for the entire 45-mile waterway. A trail system to link neighborhoods and the bayou. Hope for a community hit hard by flooding.

These are a few of the Greens Bayou Corridor Coalition's accomplishments that are changing the face of Aldine, Spring, Greenspoint, Jersey Village, Jacinto City, Galena Park, Humble and Harris County.

Join us on March 24 to learn more about these accomplishments and the volunteers that made them possible. Topics will also include Greens Bayou Corridor Coalition project and funding updates.

Mayor Parker will speak about Proposition 1 and its impact on regional flooding and drainage issues.

The Greens Bayou Corridor Coalition is a non-profit organization that addresses quality of life issues along the 45-mile watershed, including flood mitigation, park and trail improvement projects and economic development.
